终期红利的实现率于某些保单年度显示为「不适用」，因为：
The fulfillment ratio for Terminal Dividend is shown as "N/A" for some policy years because:

- 终期红利于相应的保单年度内并未开始提供，故分红实现率不能釐定；或
  Terminal Dividend is not yet available in the corresponding policy years, so the fulfillment ratio is undetermined; or
- 于该报告年度中并没有相关保单终止或没有相关保单获支付终期红利，故没有可披露的数字。
  no relevant policies terminated or no relevant policies received Terminal Dividend in the reporting year and therefore there is no reportable statistics.
